Reservations and check-ins MUST NOT be attempted from 2400 thru 0400. **ALL hunters checked into an area on Saturday may reserve the same area they are checked into for Sunday from 0800 to 1300 on Saturday. If you want a different hunting area for Sunday, you may reserve it on Saturday beginning NO earlier than 1300.** This is to provide the opportunity for hunters to hunt the same area for both days of the weekend if it is released for hunting. Attempting to reserve an area prior to assigned time will result in reservation cancellation and an administrative hold immediately being placed on the account and a suspension of privileges. Hunters must check into their hunting area reservation on the day of the hunt by 0759 or the reservation will expire. Reservations are not required but recommended. If a reservation is not made, check-in on the day of the hunt can be done beginning at 0400 for any available spaces.
7. Hunters MUST check into their hunting area through iSportsman each day no earlier than 0400, **prior to entering the hunting areas.** Hunters must be checked out of their hunting area by the time indicated on iSportsman at check in. Check out MUST be completed even if the hunter did not actually go into the area. Failure to check out on time is grounds for immediate suspension of hunting privileges and hunters found out of their hunting area will be cited and suspended. Hunters in Hunting Areas 48, 113, 114, and 117 must physically check IN and OUT with the area guide by the time indicated on iSportsman. Refer to the Fort Knox iSportsman page for procedures to pursue a wounded animal after hunting check-out time.
8. **Bag Limits:** 1 antlerless deer and 1 deer of either sex per hunter. **A hunter shall not take, or attempt to take, an antlered deer with an outside antler spread of less than 12 inches at any time. An antlered deer is a deer with at least one antler 4 inches long, or longer, as measured from the skin at the base of the antler to the furthestmost**
